Form 471 Application Number 206406  
Form 470 Application Number: 298900000285951  
Applicant's Form Identifier: WST1

Gentlemen:

We are asking that you reconsider for approval the above referenced application. The original Form 470 and Form 471 applications were filed under the directions of Schools and Library Division (SLD). The attached letter details the specifics of that filing.

SLD, through its instructions for filing Form 471, led us to believe that we were filing within appropriate time frame. During the many conversations with SLD technical people, the deadline for submitting a Funding Year Two application was never disclosed. In fact we relied on the information given to us and filed with the belief that funding for this project would be approved.

Addressing the issue of filing outside the "window", the Pearl River School District as well as all of the public school districts within New York State, have to conform to a myriad of New York State Education Department (NYSED) regulations. These regulations require specific actions at appropriate intervals of time depending on the project and how it is funded. Here is a summary of this project.

The Board of Education of the Pearl River School District decided that this project was to be funded by issuance of Bonds and therefore required voter approval. The voters of

Pearl River School District approved this bond on May 18, 1999. The District hired the architect to plan the project and submit it to NYSED. Approval from NYSED was finally received in April 2000. The district issued the bond and received the proceeds in May 2000. While waiting for full NYSED approval, regulations allowed us to proceed with part of the proposed project. The limitations imposed are strict spending levels per building site. The district applied these rules accordingly and implementation began in fall of 1999. Specifically some of technology parts that connected the Wide Area Network i.e. the subject of these funding request (FRN No. 476117 and FRN No. 476142).

This summary illustrates the inequity of the SLD window. By NYSED regulations the earliest starting time for this project was April 2000. However, by SLD rules the window closed by end January 2000. We believe our district is being penalized for conforming to the SLD instructions and strict adherence to NYSED regulations. In order to meet all regulations, this project would have to have been approved by the voters a full year earlier i.e. May 1998. Our district administrators are fiscally prudent and asking our voters to approve bond projects nearly two years ahead of time is at best unacceptable and at worst detrimental to our students who are the ultimate beneficiaries of the technology we implement.

Thank you for your consideration.

Sincerely,

Enc.

Re: Billed Entity Number: 123751  
471 Application Number: 206406  
Funding Request Number(s): Application received outside the Funding window  
Your Correspondence Dated: October 13, 2000

After thorough review and investigation of all relevant facts, the Schools and Libraries Division ("SLD") of the Universal Service Administrative Company ("USAC") has made its decision in regard to your appeal of SLD's Year Three Funding Commitment Decision for the Application Number indicated above. This letter explains the basis of SLD's decision. The date of this letter begins the 30-day time period for appealing this decision to the Federal Communications Commission ("FCC"). If your letter of appeal included more than one Application Number, please note that for each application for which an appeal is submitted, a separate letter is sent.

Funding Request Number: Application received outside the Funding window  
Decision on Appeal: **Denied in full**  
Explanation:

- Your appeal letter requests that SLD consider your application within the Second window for Funding Year Two Form 471's.
- Your Form 471 was not received until May 12, 2000. The deadline for submitting a Second window application for Funding Year Two was March 31, 2000. Since your application was not received before the close of the second window, your application can not be considered within the second window of funding for Year Two. Therefore, SLD denied your appeal.
- FCC rules require that funding requests be made on Forms 471. See 47 C.F.R. § 54.504. Funding requests may not be made on appeals of SLD funding commitment decisions. Whether your request can be considered for funding will depend on the

date your Form 471 is received and, if it is received after the close of the filing window, whether funds are available. *See* 47 C.F.R. § 54.507(g)

If you believe there is a basis for further examination of your application, you may file an appeal with the Federal Communications Commission, Office of the Secretary, 445 12<sup>th</sup> Street, SW, Room TW-A325, Washington, DC 20554. Please reference CC Docket Nos. 96-45 and 97-21 on the first page of your appeal. Before preparing and submitting your appeal, please be sure to review the FCC rules concerning the filing of an appeal of an Administrator's Decision, which are posted on the website at <[www.universalservice.org](http://www.universalservice.org)>. **You must file your appeal with the FCC no later than 30 days from the date on this letter for your appeal to be filed in a timely fashion.**

We thank you for your continued support, patience, and cooperation during the appeal process.

Gentlemen:

On October 13, 2000 we mailed a letter requesting a correction of the funding year on the above referenced application. The acknowledgement of this letter dated October 30, 2000 was received at our district on November 1, 2000. Since that acknowledgement letter we have followed-up by telephone on average every two weeks. Each time the respondent was unable to confirm the status of our appeal.

As of this writing, four full months have gone by and we have not had a reply to our request. We are asking you to please let us know exactly what is the status of our appeal and when might it be resolved.

Thank you for your cooperation

Re: Form 471 Application Number 206406  
Form 470 Application Number: 298900000285951  
Applicant's Form Identifier: WST1

Gentlemen:

Per our telephone conversation please correct the funding year from year 3 to year 2 for the above referenced Form 471. The reason for this correction will become clear as we follow the chronology of the filings with respect to this change.

Fall 1999 we telephoned SLD to determine if we could file for funding for a project which began early fall 1999. The response was "yes" but we needed to file Form 470 on paper not "online" through your Internet web site, wait the appropriate time frame and then file Form 471. We followed these instructions accordingly and mailed the form to your Lawrence, Kansas location on or about December 15, 1999. We received a confirmation from SLD dated 12/27/1999 with application number FCC Form 470: 29890000028595.

Spring 2000 we again telephoned the SLD to ask for directions on how to file Form 471 for funding year 7/01/99 – 6/30/00, i.e. how to file for the corresponding Form 470 Application Number: 298900000285951. The response was that we needed to file online using the only available year which according to SLD was funding year 7/01/2000 – 6/30/2001. Again we followed these instructions very carefully and filed the subject Form 471 online through your web site. Each block and item is supported with data that corresponds to our project that began fall 1999. Block 5 and the corresponding attachments mailed with the certification describe clearly the services for which we were

filing. However, due to the restrictions for online filing we were directed by SLD to use the only possible dates available i.e. dates within the year 3 funding year. Following the correct procedure, we had our Superintendent, Dr. Richard Maurer, sign and date Block 6: Certification and Signature on 5/16/00. We mailed the certification and Form 471, Block 5: Item 21 attachments #1, #2, and # 3 to your Lawrence, Kansas location by registered mail. The U.S Postal service receipt is signed by "Richard Howard" dated May 22, 2000.

Since May 2000, I have been following up by browsing your web site for the funding awards. I telephoned the SLD many times to determine the status not only of Form 471 Application # 206406 but for others as well. In each case I was told that there was no way to know the status until the applications were actually processed through your system. I followed up again today by telephoning the SLD. This time I received the news that the subject application is filed as a year 3 request. I asked how this application error could be corrected and received information which has resulted in the writing of this letter.

As you can see from the above, Form 471 Application # 206406 should have been filed for year 2 funding not year 3. Please feel free to call me at any time at (845) 620-6884.

Sincerely

Ben R. Carosi
